

# AYMAN ABDELSALAM

## FULL STACK DEVELOPER

I am a passionate Full-Stack JavaScript Developer with expertise in building dynamic, scalable, and user-friendly web applications. Proficient in modern frameworks like NetxJs, React, Node.js, and Express. I thrive on creating seamless front-end interfaces and robust back-end systems. With a keen eye for detail and a problem-solving mindset, I enjoy tackling complex challenges and delivering clean, efficient code. Whether collaborating in teams or working independently, I am dedicated to crafting solutions that enhance user experiences and drive business goals.

## WORK EXPERIENCE

### React Native Developer Internship

SneakersGames - 9000 Gent  
February 2024-May-2024

- Developed and deployed cross-platform mobile applications using React Native, ensuring seamless functionality on both IOS and Android.
- Collaborated with the design and back-end teams to implement responsive UI components and integrate Restful APIs.
- Optimized app performance by reducing load times and improving state management with tools like react-query, infinite scrolls and loading states (React-suspense).
- Conducted thorough testing and debugging to ensure high-quality deliverables, adhering to project timelines and client requirements.
- Gained hands-on experience with tools like Expo, linux (for apk builds) and Git for efficient development and deployment workflows.
